

## OPEN SCIENCE PLATFORM PRODUCTS AND SERVICES AGREEMENT

This open science platform products and services agreement ("Agreement") is entered into as of 15<sup>th</sup> of May 2020 by and between **SURFmarket B.V.**, with its principal offices located at Moreelsepark 48, 3511 EP, Utrecht, The Netherlands, ("SURFmarket"), a limited liability organization, authorized to enter into this Agreement on behalf of the institutions identified in Schedule 2 (the "Institutions") (all, collectively, the "Customer"), and **Elsevier B.V.**, Radarweg 29, 1043 NX, Amsterdam, The Netherlands ("Elsevier").

**WHEREAS**, SURFmarket provides certain intermediary services on behalf of the Institutions and wishes to enter into this Agreement on behalf of the Institutions.

**WHEREAS**, both parties are committed to reach 100% Open Access during the term of this Agreement. Elsevier commits to deliver the Publishing Services in accordance with the terms and conditions as set forth in Schedule 4. Elsevier and the Institutions aspire to closely collaborate on services to support the research community to meet the Dutch ambition towards Open Science.

**WHEREAS**, both parties have identified three types of services to focus their collaboration on as described in the MoU of December 2019:

- i. Reading Services
- ii. Publishing Services
- iii. Professional Services for Research Intelligence and Workflow

**WHEREAS**, SURFmarket on behalf of the Institutions wishes to obtain rights to publish in Elsevier's Gold Open Access journals in accordance with the Publishing Service terms and conditions set forth in Schedule 4 hereto.

**WHEREAS**, both parties agree upon the Collaboration Principles as provided for in Schedule 5 ("Professional Services").

**WHEREAS**, parties have agreed to explore the opportunities to develop services in accordance with the terms and conditions set forth in Schedule 5 hereto ("Professional Services").

The parties hereto agree as follows:

### SECTION 1. PRODUCTS.

SURFmarket shall act as an intermediary on behalf of the Institutions in respect of the conclusion of the individual agreements entered into between each Institution and Elsevier under the terms and conditions of the institutional agreement as set forth in Schedule 3 ("Institutional Agreement"). The intermediary services include arrangements of SURFmarket with Elsevier regarding rights of use, provision of open access, licence administration and remittance of payments or debiting of payments for Institutions. In all its actions vis-à-vis Institutions (including potential Institutions), SURFmarket shall at all times make clear that it is acting as an independent party representing the Institutions. SURFmarket shall not do or say anything that may create the impression that SURFmarket's authority to act as intermediary extends any further than specified in this Agreement.

To ensure that Elsevier grants rights of use and the Institution honours the rights of use that are granted, SURFmarket shall provide the Institution, digitally, with an Institutional Agreement to be signed by the Institution. SURFmarket shall endeavour that the signature of the Institution is set by a representative of the Institution who is authorized to sign. SURFmarket shall provide Elsevier evidence of such digital signature confirmation by the Institution.

#### 1.1 *Products.*

Elsevier hereby grants to the Institutions the non-exclusive, non-transferable right to access and use the products and services identified in Schedule 1 (“Products”) and provides the Products to its Authorized Users (as defined herein), subject to the terms and conditions of this Agreement. In the event of any conflict, ambiguity or contradiction between the product specific clauses in the Institutional Agreement and this Agreement, the terms and conditions of the Institutional Agreement shall take precedence. SURFmarket shall have complimentary access to the Products for the purpose of providing information about the Agreement and the schedules to the Institutions.

#### 1.2 *Authorized Users/Sites.*

Authorized Users are the full-time and part-time students, faculty, staff, researchers, retired employees, and independent contractors of the Institutions affiliated with the Institutions' locations listed on Schedule 2 (the "Sites") and individuals using computer terminals within the library facilities at the Sites permitted by the Institutions to access the Products for purposes of personal research, education or other non-corporate use (“Walk-in Users”).

#### 1.3 *Authorized Uses and Restrictions of Use*

The Institutions and their Authorized Users may only use the Products in accordance with the usage rights and restrictions as included in the Institutional Agreement.

SURFmarket may not:

- extend the number of Institutions without the prior written consent of Elsevier, which consent shall not be unreasonably withheld.

Any addition of Institutions shall be subject to an appropriate Fee adjustment to be agreed between the parties by means of an amendment to this Agreement.

SURFmarket shall, upon becoming aware thereof, immediately notify Elsevier of any deficiencies in the functioning of the Institutions and/or of any complaints made by Institutions.

Authorized Users who are individuals who are independent contractors or are employed by independent contractors may use the Products only for the purposes of the contracted research work for the Institutions.

#### 1.4 *Intellectual Property Ownership.*

SURFmarket acknowledges that all right, title and interest in and to the Products remain with Elsevier and its suppliers, except as expressly set forth in this Agreement, and that the unauthorized redistribution or dissemination online of the Products could materially and irreparably harm Elsevier and its suppliers.

## **SECTION 2. ELSEVIER PERFORMANCE OBLIGATIONS.**

#### 2.1 *Access to Products.*

Elsevier will make the Products accessible to the Institutions and their Authorized Users from the internet address set forth on Schedule 1 or as may be otherwise set forth herein.

## *2.2 Quality of Service.*

Elsevier will use reasonable efforts to provide the Products with a quality of service consistent with industry standards, specifically, to provide continuous service with an average of 98% up-time per year, with the 2% down-time including scheduled maintenance and repairs performed at a time to minimize inconvenience to the Institutions and their Authorized Users, and to restore service as soon as possible in the event of an interruption or suspension of service. If, due to causes within its reasonable control, Elsevier is unable to provide the Institutions with access to the service for reasons attributable to Elsevier for a period exceeding three (3) consecutive days, then Elsevier shall refund to the Institutions the amount of the Fees calculated by dividing the number of days of downtime by 365 and multiplied by the amount of the Fees for the then current year. The remedy provided herein is in addition to and not exclusive of any other rights and remedies that the Institutions may have under this Agreement and at law or in equity.

## *2.3 Withdrawal of Content.*

Elsevier reserves the right to withdraw from the Products content that it no longer retains the right to provide or that it has reasonable grounds to believe is unlawful, harmful, false or infringing. Elsevier shall notify the Customer as much as possible in advance of any such withdrawal.

## *2.4 Usage Data Reports.*

Elsevier will make usage data reports on the usage activity of each Institution accessible online on a monthly basis to the librarians/administrators employed by such Institution and SURFmarket for internal use only. Such reports may be accessed by vendors or other third parties retained by the Institution only with the express written permission of Elsevier and for the purpose of usage analysis of the Institution. Elsevier shall make commercially reasonable efforts to provide such statistics in accordance with the standards of Project Counter (<http://www.projectcounter.org>).

The administrators employed by SURFmarket may also extract aggregated and anonymous data concerning the usage activity of each Institution relating to the Products from the SUSHI API on SURFmarket website in compliance with the then currently valid SUSHI Protocol ("SUSHI Data"), store such SUSHI Data on its server and make portions of such information accessible to Institutions through the SURFmarket's usage data service (the "SUSHI Service"), provided that delegated authentication software is used. SURFmarket may create aggregated reports or studies from the SUSHI Data at SURFmarket and Institutional level and make such reports freely available via the Service to the Institutions for general information and benchmarking purposes. The Institutions and Authorized Users may not reproduce or distribute any usage statistics, usage reports and studies based on such information to third parties, including vendors or aggregators retained by the Institutions, without the express written permission of Elsevier.

SURFmarket will maintain complete and accurate records pertaining to the SUSHI Service during the Term of this Agreement and for a period of three (3) years and will on an annual basis provide Elsevier with an electronic or physical copy of all reports or studies it produced from the SUSHI Data enabling Elsevier to reproduce these results.

## *2.5 Journal Transfer.*

Elsevier will make commercially reasonable efforts to comply with the TRANSFER Code of Practice, Version 4.0, published by the UK Serials Group (UKSG).

## *2.6 Accessibility.*

Elsevier will make commercially reasonable efforts to comply with the Web Content Accessibility Guidelines 2.1 published by the Web Accessibility Initiative of the World Wide Web Consortium (W3C).

### *2.7 Compatibility.*

Elsevier agrees to use all commercially reasonable efforts to comply with the Open URL Standard.

### *2.8 Helpdesk.*

Elsevier will provide the Customer and its Authorized Users support through a helpdesk which can be reached on-line, by telephone and by e-mail, during official office hours (Monday through Friday from 0900 to 1800 CET, excluding recognized holidays) at no additional charge to the Customer.

### *2.9 Publishing Services.*

Elsevier shall allow corresponding authors of the Institutions to submit their article manuscripts for publication as provided for in Schedule 4 of the Agreement.

### *2.10 Fulfilment obligation under Institutional Agreements.*

Elsevier shall comply fully with its commitments as provided for under each Institutional Agreement.

## **SECTION 3. INSTITUTIONS PERFORMANCE OBLIGATIONS.**

### *3.1 Authentication.*

Access to the Products will be authenticated by the use of Internet Protocol (“IP”) address(es) and/or usernames and passwords and/or a delegated authentication mechanism requiring at least two different credentials, as identified on Schedule 2. Distribution of usernames, passwords, credentials or otherwise providing remote access to the Products by Authorized Users who are Walk-in Users is not permitted.

### *3.2 Protection from Unauthorized Access and Use.*

The Institutions will:

- take appropriate measures to protect against the misuse or unauthorized access, whether by the Institutions or any third party, through or to (a) the Institutions’ credentials used to access the Products; and (b) the Products and/or information derived therefrom;
- manage identification, use, access and control of all credentials used to access the Products in an appropriately secure manner, including, but not limited to, by:
  - limiting access to and use of the Products to Authorized Users and notifying all Authorized Users of the usage restrictions set forth in this Agreement and that they must comply with such restrictions;
  - issuing any passwords or credentials used to access the Products only to Authorized Users, not divulging any passwords or credentials to any third party, and notifying all Authorized Users not to divulge any passwords or credentials to any third party;
  - providing true, complete and accurate IP addresses, as identified on Schedule 2, (if any) for the exclusive use by the Institutions (including, if requested by Elsevier, written confirmation by the relevant third party internet service provider) and proactively informing Elsevier of any changes to the Institutions IP addresses, including the addresses no longer being used exclusively by the Institutions;
- without undue delay, deactivate any credentials when no longer needed or where access presents a security risk;

- implement appropriate policies and procedures to seek to ensure that all use of the Products is for its legitimate business purposes and in compliance with all terms and conditions herein;
- implement and maintain its own appropriate program for credentials management and will use commercially reasonable efforts to follow the policies and procedures for account maintenance as may be communicated to the Institutions by Elsevier from time to time in writing;
- on an appropriate basis, review access to the Products by its passwords or credentials used to access the Products to ensure that such access was in compliance with all terms and conditions herein; and
- promptly upon becoming aware of any unauthorized use of the Products, inform Elsevier and take appropriate steps to end such activity and to prevent any recurrence.

In the event of any unauthorized use of the Products, Elsevier may suspend the access and/or require that SURFmarket and/or relevant Institutions suspend the access from where the unauthorized use occurred upon notice to Institutions. SURFmarket and/or relevant Institutions shall not be liable for unauthorized use of the Products by any Authorized Users provided that the Institutions did not intentionally assist in or encourage such unauthorized use or permit such unauthorized use to continue after having actual notice thereof.

### 3.3 *Security Requirements.*

SURFmarket agrees that the Institutions will have in place documented policies and procedures, which may be reviewed, covering the administrative, physical and technical safeguards in place and relevant to the access, use, loss, alteration, disclosure, storage, destruction and control of information comprised in the Products. SURFmarket will promptly notify Elsevier if it determines that there has been a breach of such safeguards if such breach results in a compromise of any information provided as part of the Products hereunder and cooperate with Elsevier's reasonable requests surrounding such breach including taking appropriate steps to end such activity and to prevent any recurrence.

### 3.4 *Data Security.*

Elsevier will use reasonable efforts to preserve the security, integrity and accessibility of all information received from the Institutions during the term of this Agreement or relevant SOW using administrative, technical and physical measures that conform to generally recognized industry standards and best practices based on the relevant data classification.

## **SECTION 4. FEES AND PAYMENT TERMS.**

SURFmarket shall pay to Elsevier the fees set forth in Schedule 1 (the "Fees") regarding the fees that are due by the Institutions in accordance with section 4 of the Institutional Agreement, within sixty (60) days of date of invoice for the Fees due for first year of the Term and, thereafter, upon receipt of a timely invoice, no later than 15 December for the Fees due for the following year of the Term. Late payments will be subject to legal commercial interest charges (referred to in section 6:119a of the Dutch Civil Code) on the unpaid balance, to the extent it relates to undisputed sums. In addition to other remedies provided in this Agreement, Elsevier reserves the right to suspend access to the Products upon thirty (30) days' prior written notice and without incurring liability if 1) the full amount of any Elsevier invoice hereunder has not been paid within the agreed payment deadline or 2) any invoice is outstanding under previous agreements between parties for the Products. The suspension of the Institutions' access for non-payment or on any other grounds provided herein is without prejudice to the Institutions' obligation to pay its outstanding and future invoice amounts in full. Elsevier and the Institutions acknowledge that the Fees payable under this Agreement are not in the nature of royalties

and consequently no withholding tax should be applied to the Fees. The Fees will be exclusive of any sales, use, value added, withholding or similar tax and SURFmarket will be liable for any such taxes in addition to the Fees. Any sum to be paid by SURFmarket to Elsevier under this Agreement will be paid by way of transfer to Elsevier's bank account in the Netherlands. The currency of account and the currency of payment for any sum to be paid by SURFmarket to Elsevier under this Agreement will be EUR (meaning the lawful currency of the European part of the Netherlands at the effective date of this Agreement), notwithstanding any changes in Euro zone membership that might occur after the effective date of this Agreement, except in the event that (a) the Netherlands cease to be a member of the Euro zone of the European Union or (b) all participating members of the Euro zone cease to do so and the Euro ceases to exist, in which event the sum will become payable in the currency that will be officially adopted as the legal currency in the Netherlands. SURFmarket waives any right it may have at any time in any jurisdiction to pay any sum under this Agreement in a currency unit other than that in which it is expressed to be payable under this clause. SURFmarket will be charged Dutch value added tax (VAT) unless SURFmarket is a foreign relevant businessperson and provides to Elsevier its VAT Identification Number. SURFmarket will promptly notify Elsevier of any changes to its VAT Identification Number or VAT status. Elsevier may charge SURFmarket any VAT, fines, penalties, interest and other costs that Elsevier may incur as a result of incorrect VAT information.

## **SECTION 5. TERM.**

### *5.1 Term.*

This Agreement shall retroactively commence on 1 January 2020 and continue until and including 31 December 2024 (the "Term"), at which date it will automatically expire.

### *5.2 Early Termination Due To Insufficient Budgetary Allotment From Government.*

SURFmarket may terminate this Agreement in whole or in part (as regards to a specific Institutional Agreement) if sufficient funds are not provided or allotted in future government-approved budgets (or reasonably available or expected to become available from other sources at the time the SURFmarket's payment obligation attaches) to permit the Institutions, in the exercise of their respective reasonable administrative discretion, to continue this Agreement or the relevant Institutional Agreement. If the termination under this Section 5.2 represents more than 20% of the total of annual Fees as set forth in Schedule 1, Elsevier reserves the right to terminate this Agreement in whole.

### *5.3 Termination for Material Breach.*

If this Agreement terminates as a whole, the Institutional Agreement will terminate automatically as well. The early termination of any individual Institutional Agreement shall not affect the continuation of this Agreement, or any other Institutional Agreement. Either party may terminate this Agreement in whole or in part (as regards to a specific Institutional Agreement) upon prior written notice in the event of a material breach or persistent non-material breaches by the other party of any of its obligations under this Agreement and the party said to be in breach fails to cure the breach within thirty (30) days after receipt of the notice of breach. Upon termination due to material breach by Elsevier, Elsevier will refund to the Customer that portion of paid Fees attributable to the unused portion of the remainder of the Term of the Agreement. If the termination under this Section 5.3 represents more than 20% of the total of annual Fees as set forth in Schedule 1, Elsevier reserves the right to terminate this Agreement in whole.

## **SECTION 6. ELSEVIER WARRANTIES AND INDEMNITIES.**

### *6.1 Warranties.*

Elsevier warrants that use of the Products in accordance with the terms and conditions herein will not infringe the intellectual property rights of any third party.

### 6.2 *Indemnities.*

Elsevier will indemnify, defend and hold harmless the Customer and its Authorized Users from and against any loss, damage, costs, liability and expenses (including reasonable attorneys' fees) arising from or out of any third-party action or claim that use of the Products in accordance with the terms and conditions herein infringes the intellectual property rights of such third party. If any such action or claim is made, the Customer will promptly notify and reasonably cooperate with Elsevier. This indemnity obligation will survive the termination of this Agreement.

### 6.3 *Disclaimer.*

EXCEPT FOR THE EXPRESS WARRANTIES AND INDEMNITIES STATED HEREIN AND TO THE EXTENT PERMITTED BY APPLICABLE LAW, THE PRODUCTS ARE PROVIDED "AS IS" AND ELSEVIER AND ITS SUPPLIERS EXPRESSLY DISCLAIM ALL WARRANTIES AND REPRESENTATIONS OF ANY KIND WITH REGARD TO THE PRODUCTS AND ANY OTHER DATA, DOCUMENTATION OR MATERIALS PROVIDED IN CONNECTION WITH THIS AGREEMENT, INCLUDING BUT NOT LIMITED TO ANY ERRORS, INACCURACIES, OMISSIONS, OR DEFECTS CONTAINED THEREIN, AND ANY IMPLIED OR EXPRESS WARRANTY AS TO MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

### 6.4 *Limitation of Liability.*

Except for the express warranties and indemnities stated herein and to the extent permitted by applicable law, in no event will Elsevier or its suppliers be liable for any indirect, incidental, special, consequential or punitive damages including, but not limited to, loss of data, Customer's business interruption or loss of profits, arising out of or in connection with this Agreement, or will the liability of Elsevier and its suppliers to the Customer exceed a sum equal to the Fees paid by the Customer hereunder during the twelve (12) month period immediately preceding the date on which the claim arose, even if Elsevier or any supplier has been advised of the possibility of such liability or damages.

### 6.5 *Liability for Gross Negligence/Willful Misconduct.*

Notwithstanding the limitation of liability set forth in Section 6.4 above, Elsevier shall be liable for i.) damages incurred by the Customer as a direct result of Elsevier's gross negligence or willful misconduct in providing the Products ii.) any legal penalties imposed by the state due to breaches of EU data protection legislation.

## **SECTION 7. GENERAL.**

### 7.1 *Force Majeure.*

Neither party's delay or failure to perform any provision of this Agreement as a result of circumstances beyond its control (including, but not limited to, war, strikes, fires, floods, power failures, telecommunications or Internet failures or damage to or destruction of any network facilities or servers) will be deemed a breach of this Agreement. The parties agree that the departure of one or more members of the Euro zone will not, in and of itself, be a "circumstance beyond its control" and will not have the effect of discharging or excusing performance of (any obligation under) this Agreement.

### 7.2 *Severability.*

The invalidity or unenforceability of any provision of this Agreement will not affect any other provisions of this Agreement.

### 7.3 *Entire Agreement.*

This Agreement contains the entire understanding and agreement of the parties and replaces and supersedes any and all prior and contemporaneous agreements, terms and conditions, communications, proposals and purchase orders, written or oral, between the parties with respect to the subject matter contained herein. The terms and conditions of the Pure agreements separately entered into by Elsevier with certain Institutions shall continue to apply to the Professional Services for the relevant Institution as set forth in Schedule 5 of this Agreement.

### 7.4 *Modification.*

No modification, amendment or waiver of any provision of this Agreement will be valid unless in writing and signed by the parties.

### 7.5 *Assignment.*

The Customer will not assign, transfer or license any of its rights or obligations under this Agreement unless it obtains the prior written consent of Elsevier, which consent will not unreasonably be withheld. Elsevier herewith accepts the assignment of all the rights and obligations of SURFmarket under this Agreement to SURF when SURFmarket merges into SURF.

### 7.6 *Privacy/Processing.*

Parties will act in accordance with the provisions of the General Data Protection Regulation (GDPR). To the extent that Authorized Users provide any personal data to Elsevier during account registration or otherwise, the Institutions acknowledge that such information will be collected, used and disclosed by Elsevier in accordance with the Elsevier privacy policy applicable to the Products. To the extent that Elsevier is processing personal data on behalf of the Institutions, the terms of the Elsevier Data Processing Addendum at <https://www.elsevier.com/legal/processor-terms> will apply unless otherwise provided for in the Institutional Agreement. The Institutions will comply with all applicable laws and regulations in supplying any personal data to Elsevier, including providing any required notices and obtaining any required consents, permissions or authorizations for Elsevier's processing of such personal data.

### 7.7 *Notices.*

All notices given pursuant to this Agreement will be in writing and delivered to the party to whom such notice is directed at the address specified below or the electronic mail address as such party will have designated by notice hereunder.

If to Elsevier: Elsevier B.V. Radarweg 29, 1043 NX, Amsterdam, The Netherlands

If to SURFmarket: SURFmarket B.V., Moreelsepark 48, 3511 EP, Utrecht, The Netherlands

### 7.8 *Contract Management Process.*

7.8.1 SURFmarket and Elsevier shall evaluate Elsevier's performance under the Agreement at least once each year. SURFmarket is authorised to represent the Institutions in this regard and to act on their behalf. The Institutions are entitled to take part in this evaluation; the Institutions shall be invited to participate in this evaluation.

7.8.2 For contract management at least the following shall be evaluated: the degree to which Elsevier executes the performance as laid down in the Agreement and the Institutional Agreements, the reports handed over (e.g. on Gold Open Access), the invoicing and payment, possible improvements in the performance (changes or additions), the innovation opportunities and the degree to which service levels are complied with. In the governance meeting, the general findings of parties about the quality of the provision of services and measures for improvement shall be discussed, as shall the escalations and potential problems.

*7.9 Professional Services.*

Parties have agreed to enter into certain pilots for Professional Services to Institutions, at the sole discretion of each Institution to participate. The Professional Services are identified in and shall be provided under the terms set forth in Schedule 5, subject to the execution of a SOW. The Professional Services will be deemed to form an integral part of this Agreement and shall, unless otherwise agreed between parties, terminate upon termination or expiration of this Agreement.

*7.10 Compliance with Laws.*

Each party will comply with all applicable laws and regulations relating to its duties and obligations under this Agreement. Elsevier reserves the right to deny access to the Products to any person or entity who is prohibited from receiving such access based on any applicable export control and trade sanctions laws or embargo programs.

*7.11 Execution.*

This Agreement and any amendment thereto may be executed in counterparts, and signatures exchanged by facsimile or other electronic means are effective to the same extent as original signatures.

*7.12 Governing Law and Venue.*

This Agreement will be governed by and construed in accordance with the laws of The Netherlands, without regard to conflict of law principles, and the parties irrevocably consent to the exclusive jurisdiction of the courts of Utrecht with respect to any action or suit arising out of or pertaining to this Agreement.

**IN WITNESS WHEREOF**, the parties have executed this Agreement by their respective, duly authorized representatives as of the date first above written.

<b>Professional Services</b>						
<b>Fees – Customer</b>						
<b>TOTAL FEES</b>		<b>€14,660,000.00</b>	<b>€16,460,000.00</b>	<b>€16,460,000.00</b>	<b>€16,460,000.00</b>	<b>€16,460,000.00</b>

#### **Tender for Elsevier for Professional Services**

If during the Term of this Agreement any products or Professional Services provided hereunder are deemed to require a separate or new tendering process, such shall not affect the above Total Fees.

#### **Journal Collection(s)**

The Customer's Journal Collection(s) is described in Schedule 1.1.

#### **Transaction Fee**

The Customer may purchase pre-paid Transactions (“PPT”) upon mutual agreement of the parties in writing. Unused PPT will be forfeited one (1) year after issue or upon termination of this Agreement, whichever is earlier.

## **Schedule 1.1 Journal Collection**

### **Journal Collection(s):**

**Complete Freedom Collection:** Electronic access to the full text of all articles from the Elsevier journal titles published since 1 January 1995 set forth in the Complete Freedom Collection Journal Title List at [http://www.elsevier.com/solutions/sciencedirect/content/journal-title-lists#journal\\_title\\_list](http://www.elsevier.com/solutions/sciencedirect/content/journal-title-lists#journal_title_list) (plus The Lancet, The Lancet Infectious Diseases, The Lancet Neurology and The Lancet Oncology), as may be updated annually with the changes effective as of 1 January of the following calendar year of the term of the Agreement.

**Cell Press Collection:** Electronic access to the full text of all articles from the Cell Press journal titles published since 1 January 1995 identified on Annex A to Schedule 1.1.

**Clinics Collection:** Electronic access to the full text of all articles from the Clinics journal titles published since 1 January 1995 identified on Annex B to Schedule 1.1.

**Society Titles:** Electronic access to the full text of all articles from the Elsevier journal titles published since 1 January 1995 identified on Annex C to Schedule 1.1.

**The Lancet Journals:** Electronic access to the full text of articles from The Lancet journal titles, published since 1 January 1995 identified on Annex D to Schedule 1.1.

### **CLOCKSS**

Elsevier is working with the LOCKSS organization to archive its journals published since 2008 on the CLOCKSS service.

### **For 100% E-Only Institutions only:**

#### *Deep Discounted Price for Print Subscriptions*

Provided that the Fees have been paid, the Customer shall have the option to place orders for annual subscriptions to a selection of Elsevier print publications at a price reduced from the list price ("Deep Discounted Price" or "DDP"), as identified in the Deep Discounted Price catalog, by 1 August prior to the start of the next calendar year from the Publisher directly and from only one (1) authorized subscription agent, which shall be selected by the Customer, and the Publisher will fulfill such orders in accordance with its customary practices. The Customer shall notify Elsevier of its subscription agent's contact information upon placing such orders. The Customer may change its subscription agent no more than once annually by giving Elsevier notice by 1 August prior to the start of the next calendar year. The Customer will not place orders for such DDP subscriptions on behalf of any other person or entity or with the intent to resell, rent, license, lease or otherwise transfer them to another person or entity.

### **Universities of Applied Sciences**

The Institutions mentioned under the Dutch Universities of Applied Sciences in Schedule 2 shall have access to the Products with the exception of Scopus and the titles in Annexes A/B/C/D to schedule 1.1. The Consortium shall inform Elsevier when such University of Applied Sciences would need to be provided access to the Products.

**Start up Companies**

Only a start up company newly created by an Institution during the term of this Agreement or which preexisted no longer than three years prior to the effective date thereof and which remains located at the Site shall at no additional fee be permitted to have access to the Products during the remainder of the term of this Agreement. The Customer shall inform Elsevier about the start up companies that have been created during the Term.

**Post Termination Access Rights**

Post termination access (“PTA”) rights will be available to Institutions upon termination of this Agreement if such Institutions provide a written notice to Elsevier within thirty (30) days prior to the termination of the Agreement to opt in for such PTA rights.

A one-off payment equivalent to 10% of the value of the Institutions’ 2019 Freedom Collection Fees in accordance with the schedule below will provide PTA rights to the individual Institution per publication year paid for by the Institution.

2024 – 10% of the 2019 Freedom Collection Fees

2023 – 10% of the 2019 Freedom Collection Fees

2022 – 10% of the 2019 Freedom Collection Fees

2021 – 10% of the 2019 Freedom Collection Fees

2020 – 10% of the 2019 Freedom Collection Fees

This PTA one off payment shall provide continuous and perpetual access to the Institution for the journal title list of the respective year’s Freedom Collection.

Upon termination the Institution may, at its option, receive, load and technically format on an Institutional server that enables access and use of an electronic copy of the Products by Authorized Users for the publication years which was paid for during the Term at no additional cost to the one-off payment as stated above or access the Products online through the Portico® electronic archiving service provided by Portico (in which case the Institution will execute a separate license agreement with Portico with terms and conditions that will also govern the Institution’s use of such Products and take precedence in the event of any conflict or inconsistency with this Agreement), in accordance with the usage provisions of this Agreement.

In the event the Institution opts for online access to the Elsevier platform, in addition to the one-off payment as stated above, an annual access fee for the individual Institution’s access shall apply. This annual access fee will consist of the number of full-text articles downloaded from such relevant part of Products during the prior twelve (12) months at a rate of €0.063 per download, in accordance with the usage terms and conditions of this Agreement, which provisions will survive the termination of the Agreement for the purpose of this Schedule 5.

## SCHEDULE 3 INSTITUTIONAL AGREEMENT MODEL

### ELSEVIER AGREEMENT

This agreement (“Institutional Agreement”) is entered into as of [...] May 2020 by and between [NAME INSTITUTION], (the “Institution”), and **Elsevier B.V.**, Radarweg 29, 1043 NX Amsterdam, The Netherlands (“Elsevier”).

The Institution enters into this Institutional Agreement in its capacity of member of the Association of Universities in the Netherlands (*De Vereniging van Universiteiten*), NWO, NFU, KNAW or Association of Universities of Applied Sciences (*De Vereniging Hogescholen*) for 2020-2024, and agrees to the open science platform products and services agreement, including its Schedules and annexes as entered into by and between SURFmarket B.V. as its legal representative and Elsevier (“Agreement”), the terms and conditions of which equally apply hereto.

In the event of any conflict, ambiguity or contradiction between the Agreement and this Institutional Agreement, the terms and conditions of this Institutional Agreement shall take precedence.

The parties hereto agree as follows:

#### **SECTION 1. PRODUCTS.**

##### *1.1 Products.*

Elsevier hereby grants to the Institution the non-exclusive, non-transferable right to access and use the products and services identified in Schedule 1 (“Products”) and provide the Products to its Authorized Users (as defined herein) subject to the terms and conditions of this Institutional Agreement.

##### *1.2 Authorized Users/Sites.*

Authorized Users are the full-time and part-time students, faculty, staff, researchers, retired employees, and independent contractors of the Institution affiliated with the Institution's locations listed on Schedule 2 (the "Sites") and individuals using computer terminals within the library facilities at the Sites permitted by the Institution to access the Products for purposes of personal research, education or other non-corporate use (“Walk-in Users”).

##### *1.3 Authorized Uses.*

The Institution and its Authorized Users may:

- access, search, browse and view the Products;
- print, download and store a reasonable portion of individual items from the Products for the exclusive use of such Authorized User;
- incorporate links to the Products and downloaded articles, abstracts and book chapters from the Products in electronic coursepacks, reserves and course management systems and printed articles, abstracts and book chapters from the Products in printed coursepacks, provided that the downloaded and printed content shall carry appropriate acknowledgement of the source, title, author and publisher and the downloaded content is deleted by the end of each semester or trimester in which it is used (with such deletion confirmed in writing to Elsevier upon request); and

- access, search, browse, view, print, make electronic copies and store for the exclusive use of such Authorized User or, if the Authorized User is a librarian/information specialist, for the exclusive use of another Authorized User certain journal articles and book chapters from the ScienceDirect® online service that are not part of the Products, with each twenty-four (24) hour access period for a selected article or chapter, a “Transaction”.

Each Authorized Users may:

- transmit single journal articles and book chapters of the ScienceDirect Products to other Authorized Users and to third-party colleagues for their scholarly or research use;
- share individual journal articles from the ScienceDirect Products with a limited number of third party colleagues as part of a non-commercial invitation only working group for personal, scholarly or research use;
- provide print or electronic copies of individual items from the Scopus Products (a) to governmental regulatory authorities for purposes of submitting applications for regulatory approval, trademarks or patents respecting the Institution’s products or services; (b) when required by law for use in legal proceedings; (c) to the individuals who are independent contractors or are employed by independent contractors of the Institution without access to its network provided that (i) the copies will be used only for the purposes of the contracted work for the Institution; (ii) the recipients are advised that the copies are not for redistribution or dissemination online; and (iii) at the termination of the contracted work, the copies will be destroyed; and
- display or provide print or electronic copies of individual items from the Scopus for the purposes of internal promotion and testing of the Scopus Products and training groups of Authorized Users.

The Institution may:

(i) extract and index Affiliation Data (as defined below) from the Scopus® online service respecting published journal articles, abstracts, conference proceedings, technical reports, presentations/lectures, and other research and intellectual output as published for the Institution by its affiliated authors, to load in, make publicly accessible from at no charge, and store in perpetuity in, the Institution’s secure database system that Institution uses to collect, preserve and disseminate information about the intellectual output of the Institution’s institute(s) (“Institutional Repository”), provided that the display of any Affiliation Data will at all times include (if available) the associated Digital Object Identifier (“DOI”), and (ii) incorporate links in Affiliation Data to the relevant landing page in Scopus from which such Affiliation Data was extracted. “Affiliation Data” will be limited to the following bibliographic metadata: author name, author profile number, author country of residence, author affiliation, document title, document publication year, source title, volume, issue, pages, source and document type, publisher, ISSN, DOI, subject category (ASJC). CAS registration numbers, author contact information, author profiles, non-English language tags, chemical names and controlled vocabulary are excluded.

The Institution may:

- print and deliver journal articles from ScienceDirect Products (as defined herein) and, if any, book chapters from the Products to fulfill requests as part of the practice commonly known as "interlibrary loan" from non-commercial libraries located within the same country as the Institution;
- access the text and data mining service online via an API at <http://dev.elsevier.com> to continuously and automatically extract and index and/or process information from the ScienceDirect Products to which the Institution subscribes and load and integrate results from searches, analyses, or other computational methodologies the TDM Output on the Institution's text-mining system for access and use by Authorized Users; and
- distribute the TDM Output externally, which may include a few lines of query-dependent text of individual full text articles or book chapters. Where bibliographic metadata are distributed, they should be accompanied by a DOI link that points back to the individual full text article or book chapter. Where images are used the Institution should clear the rights for reuse with the relevant copyright owner and/or rights holder. Further the TDM Output should include a notice in the following form:

*"© Some rights reserved. This work permits non-commercial use, distribution, and reproduction in any medium, provided the original author and source are credited."*

Text and data mining services online may only be performed for scientific research purposes and be accessed by vendors or other third parties retained by the Institution only with the express written permission of Elsevier and for the index and/or process information purposes of the Institution.

Notwithstanding anything to the contrary contained in this Institutional Agreement, more extensive usage terms might be permitted for open access content in the Products as identified in the individual journal article as stated in the applicable user (e.g. CC) license.

#### 1.4 *Restrictions on Use of Products.*

Except as expressly stated in this Institutional Agreement or otherwise permitted in writing by Elsevier, the Institution and its Authorized Users may not:

- abridge, modify, translate or create any derivative work based on the Products, except to the extent necessary to make them perceptible on a computer screen to Authorized Users;
- remove, obscure or modify in any way any copyright notices, other notices or disclaimers as they appear in the Products;
- use any robots, spiders, crawlers or other automated downloading programs, algorithms or devices to continuously and automatically search, scrape, extract, deep link, index or disrupt the working of the Products;
- substantially or systematically reproduce, retain, redistribute or disseminate online the Products; and
- post individual items from the Products on social networking sites

Authorized Users who are individuals who are independent contractors or are employed by independent contractors may use the Products only for the purposes of the contracted research work for the Institution.

#### *1.5 Intellectual Property Ownership.*

The Institution acknowledges that all right, title and interest in and to the Products remain with Elsevier and its suppliers, except as expressly set forth in this Institutional Agreement, and that the unauthorized redistribution or dissemination online of the Products could materially and irreparably harm Elsevier and its suppliers.

The provisions of this Institutional Agreement are without limitation to the rights of the Institution or Authorised Users to perform any act permitted under the Dutch Copyright Law (Auteurswet), or permitted under any CC-BY or other Open Access licence applicable to the Products or otherwise which, apart from the rights granted under this Institutional Agreement, would not infringe the intellectual property rights in the Products and, notwithstanding any provision of this Institutional Agreement, the Institution and Authorised Users shall remain entitled to perform any such acts.

### **SECTION 2. ELSEVIER PERFORMANCE OBLIGATIONS.**

#### *2.1 Access to Products.*

Elsevier will make the Products accessible to the Institution and its Authorized Users from the internet address set forth on Schedule 1 or as may be otherwise set forth herein.

#### *2.2 Quality of Service.*

Elsevier will use reasonable efforts to provide the Products with a quality of service consistent with industry standards, specifically, to provide continuous service with an average of 98% up-time per year, with the 2% down-time including scheduled maintenance and repairs performed at a time to minimize inconvenience to the Institution and its Authorized Users, and to restore service as soon as possible in the event of an interruption or suspension of service. If, due to causes within its reasonable control, Elsevier is unable to provide the Institution with access to the service for a period exceeding three (3) consecutive days, then Elsevier shall refund to the Institution the amount of the Fees calculated by dividing the number of days of downtime by 365 and multiplied by the amount of the Fees for the then current year.

#### *2.3 Withdrawal of Content.*

Elsevier reserves the right, if possible upon prior notice to the Institution, to withdraw from the Products content that it no longer retains the right to provide or that it has reasonable grounds to believe is unlawful, harmful, false or infringing. If the withdrawn material represents more than five per cent (5%) of the Products Elsevier shall make a pro rata refund of part of the Fee to the Institution, taking into account the amount of material withdrawn and the remaining term of the Institutional Agreement.

#### *2.4 Usage Data Reports.*

Elsevier will make usage data reports on the Institution's usage activity available as described at [https://www.elsevier.com/sd\\_usage\\_reports](https://www.elsevier.com/sd_usage_reports). Such reports may be accessed by vendors or other third parties retained by the Institution only with the express written permission of Elsevier and for the purpose of usage analysis of the Institution. Elsevier shall make commercially reasonable efforts to provide such statistics in accordance with the standards of Project Counter (<http://www.projectcounter.org>).

#### *2.5 Journal Transfer.*

Elsevier will make commercially reasonable efforts to comply with the TRANSFER Code of Practice, Version 4.0, published by the UK Serials Group (UKSG).

### 2.6 *Accessibility.*

Elsevier will make commercially reasonable efforts to comply with the Web Content Accessibility Guidelines 2.1 published by the Web Accessibility Initiative of the World Wide Web Consortium (W3C).

### 2.7 *Compatibility.*

Elsevier agrees to use all commercially reasonable efforts to comply with the Open URL Standard.

### 2.8 *KBART*

Elsevier will use commercially reasonable efforts to adhere to the specifications of the KBART standards (<http://www.uksg.org/kbart/s5/guidelines>). Elsevier shall provide to the Consortium acting on behalf of the Institutions before December 31 of each year within the term, in KBART-compliant format, an itemized holdings report that specifies the Products accessible to each Institution for the upcoming calendar year.

### 2.9 *CLOCKSS*

Elsevier is working with the LOCKSS organization to archive its journals published since 2008 on the CLOCKSS service.

## **SECTION 3. INSTITUTION PERFORMANCE OBLIGATIONS.**

### 3.1 *Authentication.*

Access to the Products will be authenticated by the use of Internet Protocol (“IP”) address(es) and/or usernames and passwords and/or a delegated authentication mechanism requiring at least two different credentials, as identified on Schedule 2. Distribution of usernames, passwords, credentials or otherwise providing remote access to the Products by Authorized Users who are Walk-in Users is not permitted.

### 3.2 *Protection from Unauthorized Access and Use.*

The Institution will:

- take appropriate measures to protect against the misuse or unauthorized access, whether by the Institution or any third party, through or to (a) the Institution’s credentials used to access the Products; and (b) the Products and/or information derived therefrom;
- manage identification, use, access and control of all credentials used to access the Products in an appropriately secure manner, including, but not limited to, by:
  - limiting access to and use of the Products to Authorized Users and notifying all Authorized Users of the usage restrictions set forth in this Institutional Agreement and that they must comply with such restrictions;
  - issuing any passwords or credentials used to access the Products only to Authorized Users, not divulging any passwords or credentials to any third party, and notifying all Authorized Users not to divulge any passwords or credentials to any third party; and
  - providing true, complete and accurate IP addresses, as identified on Schedule 2, (if any) for the exclusive use by the Institution (including, if requested by Elsevier, written confirmation by the relevant third party internet service provider) and proactively informing Elsevier of any changes to the Institution IP addresses, including the addresses no longer being used exclusively by the Institution.

- without undue delay, deactivate any credentials when no longer needed or where access presents a security risk;
- implement appropriate policies and procedures to seek to ensure that all use of the Products is for its legitimate business purposes and in compliance with all terms and conditions herein;
- implement and maintain its own appropriate program for credentials management and will use commercially reasonable efforts to follow the policies and procedures for account maintenance as may be communicated to the Institution by Elsevier from time to time in writing;
- on an appropriate basis, review access to the Products by its passwords or credentials used to access the Products to ensure that such access was in compliance with all terms and conditions herein; and
- promptly upon becoming aware of any unauthorized use of the Products, inform Elsevier and take appropriate steps to end such activity and to prevent any recurrence.

In the event of any unauthorized use of the Products, Elsevier may suspend the access and/or require that the Institution suspend the access from where the unauthorized use occurred upon notice to the Institution. The Institution shall not be liable for unauthorized use of the Products by any Authorized Users provided that the Institution did not intentionally assist in or encourage such unauthorized use or permit such unauthorized use to continue after having actual notice thereof.

### 3.3 *Security Requirements.*

The Institution agrees that the Institution will have in place documented policies and procedures, which may be reviewed, covering the administrative, physical and technical safeguards in place and relevant to the access, use, loss, alteration, disclosure, storage, destruction and control of information comprised in the Products. The Institution will promptly notify Elsevier if it determines that there has been a breach of such safeguards if such breach results in a compromise of any information provided as part of the Products hereunder and cooperate with Elsevier's reasonable requests surrounding such breach including taking appropriate steps to end such activity and to prevent any recurrence.

### 3.4 *Data Security.*

Elsevier will use reasonable efforts to preserve the security, integrity and accessibility of all information received from the Institution during the term of this Institutional Agreement or relevant SOW using administrative, technical and physical measures that conform to generally recognized industry standards and best practices based on the relevant data classification.

## **SECTION 4. FEES AND PAYMENT TERMS.**

The Institution will cause SURFmarket to pay to Elsevier the fees for the Products in accordance with the payment terms set forth in the Agreement. If SURFmarket fails to pay the full amount of Elsevier's invoice on a timely basis, Elsevier may suspend the Institution's access to the Products until the unpaid amounts of such invoice, and any interest charges, are paid. The Institution will be responsible for and make payment of its fees due for access to and use of the services as specified in the Institutional Agreement to the extent that SURFmarket fails to make any such payment. In the event an Institution made already a payment to Elsevier for Products and Services under this Agreement such fees will be credited to the Institution.

## **SECTION 5. TERM.**

### *5.1 Term.*

This Institutional Agreement shall retroactively commence on 1 January 2020 and continue until and including 31 December 2024 at which time it will expire automatically.

### *5.2 Termination.*

Either party may terminate this Institutional Agreement upon prior written notice in the event of a material breach or persistent non-material breaches by the other party of any of its obligations under this Institutional Agreement and the party said to be in breach fails to cure the breach within thirty (30) days after receipt of the notice of breach. Upon termination due to breach by Elsevier, Elsevier will refund to the Institution that portion of paid Fees attributable to the unused portion of the remainder of the Term of the Institutional Agreement.

### *5.3 Post Termination Access.*

Post termination access (“PTA”) rights will be available to the Institution upon termination of this Institutional Agreement if the Institution provides a written notice to Elsevier within thirty (30) days prior to the termination of the Institutional Agreement to opt in for such PTA rights.

A one-off payment equivalent to 10% of the value of the Institution’s 2019 Freedom Collection Fees in accordance with the schedule below will provide PTA rights to the individual Institution per publication year paid for by the Institution.

2024 – 10% of the 2019 Freedom Collection Fees  
2023 – 10% of the 2019 Freedom Collection Fees  
2022 – 10% of the 2019 Freedom Collection Fees  
2021 – 10% of the 2019 Freedom Collection Fees  
2020 – 10% of the 2019 Freedom Collection Fees

This PTA one off payment shall provide continuous and perpetual access to the Institution for the journal title list of the respective year’s Freedom Collection.

Upon termination the Institution may, at its option, receive, load and technically format on an Institutional server that enables access and use of an electronic copy of the Products by Authorized Users for the publication years which was paid for during the Term at no additional cost to the one-off payment as stated above or access the Products online through the Portico® electronic archiving service provided by Portico (in which case the Institution will execute a separate license agreement with Portico with terms and conditions that will also govern the Institution’s use of such Products and take precedence in the event of any conflict or inconsistency with this Institutional Agreement), in accordance with the usage provisions of this Institutional Agreement.

In the event the Institution opts for online access to the Elsevier platform, in addition to the one-off payment as stated above, an annual access fee for the individual Institution’s access shall apply. This annual access fee will consist of the number of full-text articles downloaded from such relevant part of Products during the prior twelve (12) months at a rate of €0.063 per download, in accordance with the usage terms and conditions of this Institutional Agreement, which provisions will survive the termination of the Institutional Agreement for the purpose of this Schedule 5.

## **SECTION 6. ELSEVIER WARRANTIES AND INDEMNITIES.**

### *6.1 Warranties.*

Elsevier warrants that use of the Products in accordance with the terms and conditions herein will not infringe the intellectual property rights of any third party.

### 6.2 *Indemnities.*

Elsevier will indemnify, defend and hold harmless the Institution and its Authorized Users from and against any loss, damage, costs, liability and expenses (including reasonable attorneys' fees) arising from or out of any third-party action or claim that use of the Products in accordance with the terms and conditions herein infringes the intellectual property rights of such third party. If any such action or claim is made, the Institution will promptly notify and reasonably cooperate with Elsevier. This indemnity obligation will survive the termination of this Institutional Agreement.

### 6.3 *Disclaimer.*

EXCEPT FOR THE EXPRESS WARRANTIES AND INDEMNITIES STATED HEREIN AND TO THE EXTENT PERMITTED BY APPLICABLE LAW, THE PRODUCTS ARE PROVIDED "AS IS" AND ELSEVIER AND ITS SUPPLIERS EXPRESSLY DISCLAIM ALL WARRANTIES AND REPRESENTATIONS OF ANY KIND WITH REGARD TO THE PRODUCTS AND ANY OTHER DATA, DOCUMENTATION OR MATERIALS PROVIDED IN CONNECTION WITH THIS INSTITUTIONAL AGREEMENT, INCLUDING BUT NOT LIMITED TO ANY ERRORS, INACCURACIES, OMISSIONS, OR DEFECTS CONTAINED THEREIN, AND ANY IMPLIED OR EXPRESS WARRANTY AS TO MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

### 6.4 *Limitation of Liability.*

Except for the express warranties and indemnities stated herein and to the extent permitted by applicable law, in no event will Elsevier or its suppliers be liable for any indirect, incidental, special, consequential or punitive damages including, but not limited to, loss of data, Institution's business interruption or loss of profits, arising out of or in connection with this Institutional Agreement, or will the liability of Elsevier and its suppliers to the Institution exceed a sum equal to the Fees paid by the Institution hereunder during the twelve (12) month period immediately preceding the date on which the claim arose, even if Elsevier or any supplier has been advised of the possibility of such liability or damages.

### 6.5 *Liability for Gross Negligence/Willful Misconduct.*

Notwithstanding the limitation of liability set forth in Section 6.4 above, Elsevier shall be liable for i.) damages incurred by the Institution as a direct result of Elsevier's gross negligence or willful misconduct in providing the Products ii.) any legal penalties imposed by the state due to breaches of EU data protection legislation.

## **SECTION 7. GENERAL.**

### 7.1 *Force Majeure.*

Neither party's delay or failure to perform any provision of this Institutional Agreement as a result of circumstances beyond its control (including, but not limited to, war, strikes, fires, floods, power failures, telecommunications or Internet failures or damage to or destruction of any network facilities or servers) will be deemed a breach of this Institutional Agreement. The parties agree that the departure of one or more members of the Euro zone will not, in and of itself, be a "circumstance beyond its control" and will not have the effect of discharging or excusing performance of (any obligation under) this Institutional Agreement.

### 7.2 *Severability.*

The invalidity or unenforceability of any provision of this Institutional Agreement will not affect any other provisions of this Institutional Agreement.

### 7.3 *Entire Agreement.*

This Institutional Agreement contains the entire understanding and agreement of the parties and replaces and supersedes any and all prior and contemporaneous agreements, terms and conditions, communications, proposals and purchase orders, written or oral, between the parties with respect to the subject matter contained herein. The terms and conditions of the Pure agreements separately entered into by Elsevier with certain Institutions shall continue to apply to the Professional Services for the relevant Institution as set forth in Schedule 5 of the Agreement.

### 7.4 *Modification.*

No modification, amendment or waiver of any provision of this Institutional Agreement will be valid unless in writing and signed by the parties.

### 7.5 *Assignment.*

The Institution will not assign, transfer or license any of its rights or obligations under this Institutional Agreement unless it obtains the prior written consent of Elsevier, which consent will not unreasonably be withheld.

### 7.6 *Privacy/Processing.*

Elsevier will act in accordance with the provisions of the General Data Protection Regulation (GDPR). To the extent that Authorized Users provide any personal data to Elsevier during account registration or otherwise, the Institution acknowledges that such information will be collected, used and disclosed by Elsevier in accordance with the Elsevier privacy policy applicable to the Products. To the extent that Elsevier is processing personal data on behalf of the Institution, the terms of the Elsevier Data Processing Addendum at <https://www.elsevier.com/legal/processor-terms> will apply. The Institution will comply with all applicable laws and regulations in supplying any personal data to Elsevier, including providing any required notices and obtaining any required consents, permissions or authorizations for Elsevier's processing of such personal data. Unless statutory provisions permit otherwise, Elsevier is not entitled, at any time, to utilize some or all of the personal data that is made available by Institution to Elsevier other than for performance of this Institutional Agreement, or to cause it to be so utilized.

### 7.7 *Notices.*

All notices given pursuant to this Institutional Agreement will be in writing and delivered to the party to whom such notice is directed at the address specified below or the electronic mail address as such party will have designated by notice hereunder.

If to Elsevier: Elsevier B.V. Radarweg 29, 1043 NX, Amsterdam, The Netherlands

If to the Institution: [NAME INSTITUTION]

### 7.8 *Metadata.*

Elsevier will incorporate tags in metadata contained in the Products to indicate if a journal article has been published open access.

### 7.9 *Helpdesk.*

Elsevier will provide the Institution and its Authorized Users support through a helpdesk which can be reached on-line, by telephone and by e-mail, during official office hours (Monday through Friday from 0900 to 1800 CET, excluding recognized holidays) at no additional charge to the Institution.

7.10 *Evaluation.*

Parties intend to schedule meetings between parties' representatives 1 (one) time per calendar year to discuss and evaluate their mutual performances under this Institutional Agreement in the preceding contract period.

7.11 *Compliance with Laws.*

Each party will comply with all applicable laws and regulations relating to its duties and obligations under this Institutional Agreement. Elsevier reserves the right to deny access to the Products to any person or entity who is prohibited from receiving such access based on any applicable export control and trade sanctions laws or embargo programs.

7.12 *Execution.*

This Institutional Agreement and any amendment thereto may be executed in counterparts, and signatures exchanged by facsimile or other electronic means are effective to the same extent as original signatures.

7.13 *Signature Institution.*

Institution shall guarantee that the signature of the Institutional Agreement is set by a representative of the Institution who is authorized to sign.

7.14 *Governing Law and Venue.*

This Institutional Agreement will be governed by and construed in accordance with the laws of The Netherlands, without regard to conflict of law principles, and the parties irrevocably consent to the exclusive jurisdiction of the courts of Utrecht with respect to any action or suit arising out of or pertaining to this Institutional Agreement.

**IN WITNESS WHEREOF**, the parties have executed this Institutional Agreement by their respective, duly authorized representatives as of the date first above written.

**Journal Collection(s)**

The Customer’s Journal Collection(s) is described in Schedule 1.1.

**Transaction Fee**

The Customer may purchase pre-paid Transactions (“PPT”) upon mutual agreement of the parties in writing. Unused PPT will be forfeited one (1) year after issue or upon termination of this Agreement, whichever is earlier.

## **Schedule 1.1 Journal Collection**

### **Journal Collection(s):**

**Complete Freedom Collection:** Electronic access to the full text of all articles from the Elsevier journal titles published since 1 January 1995 set forth in the Complete Freedom Collection Journal Title List at [http://www.elsevier.com/solutions/sciencedirect/content/journal-title-lists#journal\\_title\\_list](http://www.elsevier.com/solutions/sciencedirect/content/journal-title-lists#journal_title_list) (plus The Lancet, The Lancet Infectious Diseases, The Lancet Neurology and The Lancet Oncology), as may be updated annually with the changes effective as of 1 January of the following calendar year of the term of the Agreement.

**Cell Press Collection:** Electronic access to the full text of all articles from the Cell Press journal titles published since 1 January 1995 identified on Annex A to Schedule 1.1.

**Clinics Collection:** Electronic access to the full text of all articles from the Clinics journal titles published since 1 January 1995 identified on Annex B to Schedule 1.1.

**Society Titles:** Electronic access to the full text of all articles from the Elsevier journal titles published since 1 January 1995 identified on Annex C to Schedule 1.1.

**The Lancet Journals:** Electronic access to the full text of articles from The Lancet journal titles, published since 1 January 1995 identified on Annex D to Schedule 1.1.

### **Universities of Applied Sciences**

The Institutions mentioned under the Dutch Universities of Applied Sciences in Schedule 2 shall have access to the Products with the exception of Scopus and the titles in Annexes A/B/C/D to schedule 1.1. The Consortium shall inform Elsevier when such University of Applied Sciences would need to be provided access to the Products.

# OPEN SCIENCE PLATFORM PRODUCTS AND SERVICES AGREEMENT

## Schedule 4

### Publishing Services Terms

#### Scope and Commercial Terms

1. Corresponding authors of the Institutions shall be referred to as “Corresponding Author(s)” and shall have the right, during the term of the Agreement, to publish an unlimited number of journal articles per year in Elsevier Gold Open Access and Hybrid Journals, if accepted for publication, and subject to the terms of this Schedule 4 Publishing Services Terms.
2. Both parties are committed to reach 100% Open Access during the term of this Agreement. In line with this joint ambition, Elsevier offers Corresponding Authors the possibility to publish Gold Open Access in the widest possible range of Elsevier journals under the Terms of this Schedule 4. As per the effective date of this Agreement 95% of the journal articles by the Corresponding Authors are eligible to be published Open Access. For the remainder of the journal articles, Elsevier will continue to strive for sustainable immediate open access options across its journal portfolio to support the 100% Open Access goal. Notwithstanding that the Cell Press and the Lancet full gold Open Access journals and the hybrid journal titles Trends in Biotechnology and Trends in Cancer are included in the Publishing Services, the remaining Cell Press and the Lancet non-full Open Access journals are excluded from immediate open access options in the Agreement however both parties will work diligently together during the term of this Agreement to include such journals in order to support the 100% Open Access goal. A title list with all journal titles that are covered under the Terms of this Schedule 4 Publishing Services can be found in Annex A to Schedule 4 hereto. The list of journal titles covered under the Reading Services can be found at Schedule 1.1 and the respective Annexes A/B/C/D to Schedule 1.1.
3. If Elsevier launches a new Gold Open Access journal or acquires a Gold Open Access journal that follows the same publishing services as described in this Schedule 4 such journal will be added to the Publishing Services as soon as possible but in any event not later than at the end of every quarter. Except for the Cell Press and the Lancet non-full Open Access journals, if Elsevier launches a new Hybrid journal or converts a subscription journal to Hybrid or Gold OA during the term of this Agreement, such journals will be added to the Publishing Services unless Elsevier has a reasonable objection.

#### Workflow

4. In Elsevier’s journal workflow, Corresponding Authors will specify their affiliation and the research funding. Based on this data, Elsevier will provide the Corresponding Authors with the relevant publishing options on the Elsevier Open Access platform (the “EOA Platform”).
5. In Elsevier’s journal workflow, Gold Open Access will be the preselected choice. In the event a Corresponding Author has chosen Gold Open Access, the journal article, if accepted for publication, shall be published under a CC-BY (Elsevier will indicate the Customer’s preferred license choice), or CC-BY-NC-ND license as determined by the submitting Corresponding Author, subject to the conditions and process set forth herein. If the Corresponding Author chooses a license other than CC-BY, Elsevier will facilitate upon request of the Corresponding Author the possibility to change the license to CC-BY.
6. Customer will have access to the EOA Platform to validate the eligibility of the Corresponding Author. The EOA Platform will present the Customer with all information needed to validate, on behalf of the SURFmarket and its Institutions, validate the eligibility of the Corresponding Author, such as the details of the Corresponding Author, DOI, article title, article type, journal

title, research funding, to the extent that the Corresponding Author has provided such information.

7. Customer is responsible for informing Corresponding Authors who wish to submit journal article manuscripts that they are required to identify themselves as a Corresponding Author in the course of Elsevier's publishing workflow.
8. The EOA Platform requires Customer to validate that the relevant Corresponding Author is affiliated with the relevant Institution.
9. Elsevier shall on a monthly basis, provide SURFmarket and each Institution with a report of the journal articles that are accepted in Open Access under this Agreement, including the Corresponding Author's institutional affiliation per Institution. The report shall include the following information: Corresponding Author Full Name, Corresponding Author E-Mail, Corresponding Author Institution Name, Journal Title, ISSN, Journal Publishing Category, Article Type, Article PII, Article DOI, Article Full Name, CC License, Article Access Type, Author Journey, Completion Links, Article Submission Date, Article Acceptance Date, Author Journey Completion Date. Elsevier will provide this report in July of each year for the period 'January – June' and before January 15th for the period 'January – December' of the previous year. Elsevier agrees to provide additional reporting to the Customer regarding the Corresponding Author journal articles published in Elsevier journals, as discussed from time to time between Elsevier and the Customer.
10. Due to the experimental nature of certain aspects of the Publishing Services as described in this Schedule 4, Elsevier and Customer agree to collaborate to determine potential enhancements to the workflow described herein.
11. Elsevier will clearly indicate the availability of the Publishing Services as described in this Agreement to Corresponding Authors within the publication process. Elsevier will inform the Corresponding Authors that they do not need to pay article publishing charges for the publication of Open Access articles in journals that are part of the Publishing Services.
12. If, despite the correct information provided by the Corresponding Author to Elsevier during the publication process, Elsevier fails to identify the author as Corresponding Author and then publishes the journal article under a subscription model, Elsevier shall be responsible to convert the journal article within 30 days so that it is published pursuant to the chosen Open Access license. If this occurs more than ten times per month (for the avoidance of doubt each time with respect to different error types), Elsevier and Customer shall discuss the current workflow and agree upon measures to improve the workflow process.
13. Upon publication of a journal article, Elsevier will register the metadata on CrossRef, including, but not limited to: (1) the journal article's digital object identifier (DOI), (2) the funding metadata, including funder name and grant number, in the metadata in Funder Registry (on CrossRef), (3) bibliographic citations and (4) the Open Access license type.
14. Elsevier will report annually how many Elsevier's journals converted during the year from/to a subscription model to/from an Open Access model, including hybrid model.
15. If a journal becomes no longer eligible to Open Access publication under these terms but still remains published or controlled by Elsevier and/or any of its affiliates, Customer will get continuous access to this journal during the rest of the term.

All journals in Schedule 4 are eligible to open access publication under these OA Terms.

## Annex A to Schedule 4

### Titles list for the Publishing Services

ISSN	Title	Journal category
0940-9602	Annals of Anatomy	Hybrid

# OPEN SCIENCE PLATFORM PRODUCTS AND SERVICES AGREEMENT

## Schedule 5

### PROFESSIONAL SERVICES TERMS

#### SECTION 1. PROFESSIONAL SERVICES.

##### 1.1 *Services.*

Elsevier agrees to make available to Institutions certain non-exclusive services on a pilot basis laid down in a mutually executed Statement of Work (as defined herein) (“Services”) and certain deliverables, if any deliverables are to be provided through such Services, (each a “Deliverable”), subject to these professional services terms and conditions (“Terms”). The Services and the Deliverables, if any, on a pilot basis will be hereinafter referred to collectively as “Professional Services”. The Collaboration Principles, as defined below, shall form an integral part of the Terms in respect of each individual pilot and shall as such be further detailed and operationalised in each Statement of Work (hereinafter: a “Statement of Work” or “SOW”). The Services shall be monitored as part of the Governance structure as set forth in Schedule 5.1 of this Agreement.

##### 1.2. *Collaboration Principles.*

The Institutions and Elsevier agree that the Services shall comply with the following general collaboration principles (the "Collaboration Principles"):

*Interoperability and vendor neutrality:* Authorized Users and Institutions are allowed to use their own or third party products and services as part of the Services. Elsevier shall use all reasonable efforts to ensure that the Professional Services are interoperable, both on the input (uploaded) and output side (created), the parties may further detail the requirements for such interoperability in the relevant SOW. Participation in the Professional Services is at each Institution’s sole discretion and a pilot shall only commence if there is a minimum participation by at least three Institutions. Elsevier acknowledges Customer’s preference that for the same Services multiple commercial third parties may be separately engaged in different pilots. Institution shall not, pursuant to the Agreement, be required to enter into any SOW with Elsevier or exclusively purchase any part of the Professional Services from Elsevier (including, without limitation, the examples of pilots set forth hereinafter) under any SOW, and shall at all times be free to collaborate with third parties in the development or provision of services and deliverables which are the same or materially similar to any Services or Deliverables. Elsevier will at the Institution’s request, provide all reasonable cooperation to make available data input, uploaded or created by Institution or on behalf of the Institution or its Authorised User in the context of the Services to other vendors or publishers.

*Transparency, inclusion and collaboration:* The Services and resulting Deliverables are aimed to make science and research more transparent, efficient, inclusive, openly and freely accessible, and collaborative, allowing for the broadest possible audiences to have the opportunity to participate, to make use of and to contribute to the scientific process based on the ambitions to ensure that a level playing field will be created to ensure such Professional Services are open and transparent using common standards for data exchange enabling a third party vendor or publisher to participate and contribute to the research data uploaded or created by or on behalf of the Institution or its Authorised User along with or instead of Elsevier. Insights derived, output created and lessons learned from the Professional Services will be freely usable by the Institutions be, to a reasonable extent, made available to third parties.

*Access to research data and metadata:* Elsevier will give enduring access during the Term to all research data, including metadata, analytics and information, which has been input, uploaded or created by or on behalf of the Institution or its Authorised User or enriched by the Institution or on behalf of the Institution or Elsevier using the Professional Services to the Institution or to third parties that are acting on behalf of the Institution unless the Institution has explicitly stated that (parts of) data should remain confidential.

*Data portability:* Institution shall be entitled to transfer the data provided, uploaded or created by or on behalf of the Institution or its Authorized Users as part of the Professional Services to its own or to a third party host environment, and Elsevier shall provide all reasonable cooperation to enable such transfer at Institution's first request. Upon termination or expiration of the relevant SOW the data uploaded or created and hosted by Elsevier as part of the Professional Services will remain accessible to the Institutions and to the Authorized Users for a period of six (6) months from the date of termination or expiration. During the aforementioned period, the Institutions may request in writing an onsite delivery of any data owned by the Institutions in a mutually agreed upon format (and in any event in such standard format as is common in the industry and/or indicated by the Professional Services concerned), and Elsevier shall then provide such data to the relevant Institution in such format at no additional cost and without undue delay.

*Examples of the Professional Services could be:*

USE CASE	DESCRIPTION
1. Aggregation and deduplication service to based upon CRIS systems	Improve findability and visibility of NL research outputs by aggregating and deduplicating separate CRIS systems into a Pure Community module available to all institutions which can serve as a building block to a NL open knowledge base.
2. NL Research data	Link research data from member institutes affiliated researchers in subject or domain specific repositories into Dutch knowledge base.
3. Funding information	Link NL research outputs to grants and funders (EC, ERC, NWO, RVO, ZonMw), to allow for improved tracking / assessment of impact of funded research.
4. Health Data Management	Link NL health 'data silos' in a secure HDM platform.
5. OA compliance as a service	A proposed service to better use knowledgebase OA publication reminders, meet funder requirements, collect assets + reporting.
6. Fair recognition and reward	A proposed service to integrate a wider array of metrics and success stories for a better, wider recognition of academics. Inclusion of teaching, society outreach, management, etc.

### 1.3. *Intellectual Property*

Customer acknowledges that all right, title and interest in and to the Professional Services, all copies thereof, and all modifications, changes, conversions, updates, upgrades, additions and enhancements

thereto, including all applicable rights to confidential information and methodologies, patents, copyrights, trademarks, trade names, service marks, inventions, know-how, mask work rights, trade secrets and all other intellectual property rights inherent therein and appurtenant thereto, including all ideas, concepts, know-how, or techniques relating thereto developed during the course of this Agreement by Elsevier, belongs to and remains exclusively with Elsevier or its suppliers, subject only to the limited rights expressly granted to Customer herein. Customer acknowledges further that the unauthorized redistribution of the Professional Services could materially and irreparably harm Elsevier and its suppliers.

Except as otherwise provided in the Agreement, any modification or enhancement to the Professional Services, developed by Elsevier or by Elsevier for Customer, are the exclusive property of Elsevier.

Elsevier acknowledges that, as between the parties, all right, title and interest in and to any and all data which is input, uploaded or created by or on behalf of the Customer or its Authorized User using the Professional Services ("Customer Information"), all copies thereof, and all modifications, changes, conversions, updates, upgrades, additions and enhancements thereto, including all applicable rights to confidential information and methodologies, patents, copyrights, trademarks, trade names, service marks, inventions, know-how, mask work rights, trade secrets and all other intellectual property rights inherent therein and appurtenant thereto, including all ideas, concepts, know-how, or techniques relating thereto developed or made available during the course of this Agreement by Customer in the context of or using the Professional Services, exclusively vest in Customer, and that Elsevier may use the Customer Information for the sole purpose of providing the Professional Services for the term and in accordance with the provisions of the relevant SoW. Notwithstanding the foregoing, both parties agree that Elsevier shall be entitled to develop similar or new products and services with third parties. Unless statutory provisions restrict otherwise, Elsevier is entitled at any time, to utilize some or all of the Customer Information that is made available in open license by the Institution. Elsevier acknowledges further that the unauthorized disclosure of Customer Information, could materially and irreparably harm Customer.

In the event Customer and Elsevier would jointly decide to enter into a pilot where intellectual property would be jointly created by the parties, the Customer and Elsevier agree that this would fall outside the current scope of this Agreement and therefore require a separate agreement based upon the underlying principle described in this Agreement that Elsevier would become the owner of the intellectual property and the Customer would be granted a non-exclusive, perpetual, irrevocable, royalty free license to use the jointly created intellectual property for its own internal, non-commercial, purposes.

The Customer agrees that its use to all data, in whatever format derived or compiled by the use of the Services, is the sole responsibility of the Customer. The Customer also agrees that it is entirely responsible for all content, data or materials it supplies to Elsevier or makes available via the Services and the Customer has the sole responsibility to independently determine whether the Customer has adequate legal rights, including providing any required notices and obtaining any required consents, to make use of such content, data or materials, and to ensure that such content, data or materials and any proposed use thereof complies with all applicable laws, including but not limited to, rules of copyright, trademark, secrecy, defamation, decency, privacy, security and export laws.

The Customer acknowledges and agrees that it will not supply Elsevier with any confidential, proprietary or regulated institutional and/or university related data, financial information, trade secrets, privileged material or software, or any sensitive personal data, including but not limited to government identification numbers, credit card numbers, bank account information, student grades, disciplinary information or other education records, salary or employee performance information, donations, patient health information or passwords, except as expressly agreed in an SOW.

#### 1.4. *Rights of Use and Reuse*

Elsevier hereby grants to the Institutions a royalty-free and non-exclusive, non-transferable right to use the Deliverables resulting from the Professional Services and provide access to its Authorized Users, subject to the terms and conditions of this Schedule 5 during the Term.

## **SECTION 2. ELSEVIER PERFORMANCE OBLIGATIONS.**

### *2.1 Quality of Service.*

The Professional Services will be provided in accordance with any specifications or requirements set forth in these Terms or the applicable Statement of Work, as the case may be, and will be performed using the skill, expertise and care one might reasonably expect from a diligent, suitably qualified and experienced professional provider of services similar to the Services and in accordance with industry standards. To the extent Elsevier performs any installation, support, or consulting services on the Institutions' premises, Elsevier will cooperate with the Institutions' hours, working conditions and any reasonable job site policies provided to Elsevier in writing in advance.

### *2.2 Performance.*

Elsevier will provide the Professional Services consisting of development, customization, management, operations, consulting and/or other services identified in Schedule 1 or as may be set forth in one or more statements of work, specifying the scope, term and for such Professional Services, if any Deliverables are to be provided through such Professional Services and the terms and conditions of use of those Deliverables. A document is a Statement of Work under these Terms if it (i) expressly states that it is a Statement of Work under these Terms and (ii) is signed by authorized representatives of Elsevier and an Institution (or by SURFmarket on behalf of one or more Institutions). Elsevier and Customer will perform all the Services as set forth in such Statement of Work; (iii) the Terms of this Schedule 5 take precedence over any conflicting provisions in the SOW.

The duration of the Professional Services shall be reflected in the applicable Statement of Work.

Upon termination or expiration of the Professional Service the Customer Information will remain accessible to the Customer and to the Authorized Users for a period of six (6) months from the date of termination. During the aforementioned period, the Customer may request in writing an onsite delivery of any Customer Information in a mutually agreed upon format.

Early termination of the Professional Services or termination of an individual pilot under a particular SOW will not affect the validity or enforceability any other SOW or of these Terms or the Agreement and the Schedules thereto.

### *2.3 Termination*

The participating Institution(s) may at any time and for any reason step out of an individual pilot. The sole remedy for the Institutions is to terminate an individual pilot and/or mutually agree upon a suitable alternative individual pilot.

## **SECTION 3. FEES.**

All fees and costs in relation to the Professional Services are covered by the Fees as identified in the Agreement in Schedule 1.

## **SECTION 4. ELSEVIER WARRANTIES AND INDEMNITIES.**

### *4.1 Warranties.*

Elsevier warrants to the Customer that (a) Elsevier has the necessary rights to provide the Professional Services; (b) use of the Professional Services (including Deliverables as developed by Elsevier and the Customer) by the Customer in accordance with the terms of these Terms will not infringe the intellectual property rights of any third party; (c) the Professional Services will be performed with the degree of care,

skill and diligence that is required by current, good and sound industry standards; (d) the Professional Services will be performed by fully trained, experienced and qualified employees and/or sub-contractors; (e) the Deliverables, if any, will conform to and operate in all respects in accordance with the specifications set forth or referred to in or otherwise made part of a Statement of Work and the collaboration principles set out in Schedule 5, Section 1.2; and (f) Elsevier will comply with all applicable laws and regulations, relating to its duties, obligations and performance under these Terms and the SOW.

#### 4.2 *Indemnities.*

Elsevier will indemnify, defend and hold harmless the Customer from and against any loss, damage, costs, liability and expenses (including reasonable attorneys' fees) arising from or out of any third-party action or claim that use of the Professional Services (including any Deliverables) in accordance with the terms and conditions herein infringes the intellectual property rights of such third party. If any such action or claim is made, the Customer will promptly notify and reasonably cooperate with Elsevier.

#### 4.3 *Limitations of Indemnification.*

Elsevier will have no obligation under Section 4.2, Indemnities, to the extent that: (a) any alleged infringement relates to use of the Professional Services in combination with other data products, processes or materials not provided by Elsevier or any modification of the Professional Services not made or authorized by Elsevier; or (b) the Customer continues allegedly infringing activity after being notified thereof or after being informed of available modifications that would have avoided the infringement.

#### 4.4 *Remedies for Third Party Injunction.*

If the Customer is enjoined from using the Professional Services due to an infringement of a third party's intellectual property right, or Elsevier believes an injunction may occur, Elsevier will have the option to either (a) modify the Professional Services (including any Deliverables) to render it non-infringing while maintaining material functional equivalence, or (b) procure a license or subscription which permits the Customer at no additional cost to continue to use the Professional Services or (c) terminate the Professional Services and refund to the Customer the fees paid for such Professional Services.

#### 4.5 *Disclaimer.*

EXCEPT FOR THE EXPRESS WARRANTIES AND INDEMNITIES STATED HEREIN AND TO THE EXTENT PERMITTED BY APPLICABLE LAW, THE PROFESSIONAL SERVICES AND THEIR COMPONENTS ARE PROVIDED "AS IS" AND ELSEVIER AND ITS SUPPLIERS EXPRESSLY DISCLAIM ALL WARRANTIES AND REPRESENTATIONS OF ANY KIND WITH REGARD TO THE PROFESSIONAL SERVICES AND ANY OTHER DATA, DOCUMENTATION OR MATERIALS PROVIDED IN CONNECTION WITH THE PROFESSIONAL SERVICES, INCLUDING BUT NOT LIMITED TO ANY ERRORS, INACCURACIES, OMISSIONS, OR DEFECTS CONTAINED THEREIN, AND ANY IMPLIED OR EXPRESS WARRANTY AS TO MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. THE CUSTOMER IS SOLELY RESPONSIBLE FOR ITS USE OF THIRD PARTY INFORMATION CONTAINED IN OR THIRD PARTY INFORMATION GENERATED THROUGH USE OF THE PROFESSIONAL SERVICES.

#### 4.6 *Limitation of Liability Elsevier*

Except for the express warranties and indemnities stated herein and to the extent permitted by applicable law, in no event will Elsevier or its suppliers be liable for any indirect, incidental, special, consequential or punitive damages including, but not limited to, loss of data, business interruption or loss of profits, arising out of or in connection with the Professional Services. In no event shall the liability of Elsevier and its suppliers to the Customer exceed a sum equal to Euro 100,000 per Pilot, even if Elsevier or any supplier has been advised of the possibility of such liability or damages. This limitation of liability does not apply in so far such loss or damage is the direct result of an intentional act or omission or gross negligence on the part of Elsevier or any supplier or the loss or damage consists in a personal injury or death caused by Elsevier and suppliers' gross negligence or willful wrongdoing.

#### 4.7 *Limitation of Liability Customer*

Customer cannot be held liable for any indirect, incidental, special, consequential or punitive damages including, but not limited to, loss of data, business interruption or loss of profits, arising out of or in connection with the Pilot and Professional Services. In no event the liability of Customer to Elsevier exceeds a sum equal to Euro 100,000 per Pilot, even if Customer has been advised of the possibility of such liability or damages. This limitation of liability does not apply in so far such loss or damage is the direct result of an intentional act or omission or gross negligence on the part of Customer or the loss or damage consists in a personal injury or death caused by Customer's gross negligence or willful wrongdoing.

### **SECTION 5. GOVERNANCE STRUCTURE**

For the purpose of jointly managing the Professional Services, parties have agreed to a Governance Structure Document, which is attached as Schedule 5.1 hereto.

**STATEMENT OF WORK NUMBER [X]**

1. **Terms and Conditions.** This Statement of Work (“SOW”) is governed by and by this reference incorporates the Professional Services Terms and conditions set forth in Schedule 5 of the Open Science Platform and Services Agreement between [Institutions] and Elsevier B.V. (“Elsevier”) dated \_\_\_\_\_ 2020 (the “Terms”). Capitalized terms used herein that are not otherwise defined will have the meanings ascribed to them in the Terms.
2. Institutions and Elsevier agree to abide to the Collaboration Principles laid down in Section 1.2 of the Terms.
3. **Commencement and Duration of this SOW.** This SOW shall come into force on the date on which it has been signed by both parties and shall continue in force until [date], unless extended in writing by the parties.
4. **Acceptance Steering Committee.** This SOW can only enter into force after approval of the Steering Committee. The Service may only proceed after approval of the Steering Committee (as per the ‘Governance Structure’ in Schedule 5.1 of this Agreement).
5. **Services.** Elsevier and participating Institutions shall perform a Service and provides a Deliverable(s) in accordance with the following agreed specifications, acceptance criteria, time schedule and other relevant terms as may be set out herein.

5.1 **Description of the Pilot Service**

Elsevier shall [please include a description of the pilot service to be provided by Elsevier].  
Institutions shall [please include a description of the services to be provided and the responsibilities to be performed by participating Institutions].

5.2 **Description of the Deliverable(s)**

Elsevier shall provide the following specific Deliverable(s) under this SOW:

Name	Description
[name Deliverable]	[describe Deliverable]

5.3 **Specifications**

The Service and Deliverable(s) under this SOW shall comply with the following specifications:

Name	Description
[name of Specification]	[describe Specification]

5.4 **Acceptance Criteria**

The Acceptance Criteria are that the pilot Service and the Deliverable(s) must comply with all the specifications and all the requirements of this SOW, the Terms and other parts of the Agreement. [Additional Acceptance Criteria are as follows: [list].]

5.5 **Time Schedule**

The Services and the Deliverables shall be provided according to the following time schedule, or as may be adjusted by agreement in writing between the parties:

Date or Time Period	Description of Stage or Milestone
[insert fixed date or time period, e.g. within 2 weeks of start of SOW, or e.g. 15 working days after delivery of first deliverable]	[describe stage or milestone to be reached, e.g. completion of first full draft of design, or e.g. acceptance testing period for first deliverable]

**5.6 Location**

In general the Services shall be performed by Elsevier at its premises. If so required, Elsevier shall attend such meetings at Institutions’ premises as may be required for the efficient performance and delivery of the Service and the deliverable(s).

**5.7 Named Personnel**

Elsevier and participating Institutions shall use its best endeavours to ensure that the following named individuals shall perform the Services and Institutions’ responsibilities, respectively, but each of Elsevier and these Institutions may substitute other personnel for such individuals provided that it has notified and agreed this in advance in writing with the other party.

[If applicable, please insert name(s) of named personnel]

**5.8 Other Details**

[Insert any other details if applicable]

**6. Acceptance for Deliverables.**

6.1 For any Deliverables, such Deliverables provided shall be checked by participating Institutions and Elsevier for compliance with the agreed specifications. Elsevier and participating Institutions shall use reasonable efforts to modify the rejected Deliverable so that it meets the applicable specifications, and deliver the modified Deliverable for checking.

6.2 If the parties fail to modify a Deliverable that has been rejected so that it meets the specifications within the period specified in the applicable rejection notice, the parties may, at its option:

6.2.1 terminate:

- (a) the applicable Deliverable;
- (b) the applicable SOW;

6.2.2 perform additional corrections to the Deliverable or component thereof within a specified extended period; or

6.2.3 accept the Deliverable despite its deficiencies.

7. **REPORTING.** WITHIN [XX] DAYS AFTER THE END OF EACH MONTH, THE PARTIES WILL PROVIDE A FULL AND ACCURATE REPORT TO THE STEERING COMMITTEE SUMMARIZING ALL SERVICES ACTIVITIES PERFORMED THAT OCCURRED DURING SUCH MONTH.

8. **REVIEW MEETINGS.** IF REQUESTED BY THE STEERING COMMITTEE, APPROPRIATE PERSONNEL WILL PARTICIPATE IN FORTNIGHTLY STATUS REVIEW MEETINGS, WHICH MAY BE CONDUCTED BY TELEPHONE OR AT SUCH TIMES AND LOCATIONS AS MAY BE REASONABLY SPECIFIED. THE MEETINGS WILL BE FOR THE PURPOSE OF REVIEWING THE PERFORMANCE AND PROGRESS

HEREUNDER AND DISCUSSING AND RESOLVING ANY PROBLEMS BETWEEN THE PARTIES. BOTH PARTIES CAN INITIATE A REVIEW MEETING AT ANY TIME THEY FEEL ONE IS NEEDED AND AN ALTERNATE MEETING SCHEDULE / FREQUENCY CAN BE AGREED UPON DURING THE TERM OF THE AGREEMENT IF CIRCUMSTANCES OR NEED CHANGES.

9. **ON-SITE TERMS.** WHEN ELSEVIER PROVIDES ANY SERVICES WHILE BASED ON ANY LOCATION, THE FOLLOWING TERMS SHALL APPLY:

9.1 **On-Site Personnel.** While Personnel are based on Institution's locations in connection with the performance of any of the Services, Personnel shall comply with all of Institution's rules, regulations and policies, concerning such matters as working hours (which will be established by Institutions contact), holidays, and Institution's customary security measures. Prior to commencing the performance of any assignment, Personnel may be issued with an identification card which Personnel shall return to their Institution's contact on the last day of the performance of the Services. Institution shall supply Personnel with suitable work stations similar to those provided by Institution to its employees of a similar position, and Institution will furnish Personnel with the supplies and equipment they need to perform their assigned tasks. Within 2 weeks after the start of Personnel, Elsevier shall inform Institution in writing how much vacation time each Personnel member is entitled to take during the agreed period of the Services and when such vacation will be taken. Institution shall not be charged for vacation time taken by Personnel.

10. Governing law. This SOW is governed by the laws of the Netherlands.

Estimated total number of Authorized Users:

For the avoidance of doubt, other institutions and organizations that reside or do business at the above locations (including without limitation companies that are owned wholly or in part by, or affiliated with, the Customer) are not Sites, unless expressly stated above.

The Customer will promptly notify Elsevier of any material changes in the number of [relevant] Authorized Users, and may add, withdraw or substitute authentication mechanisms upon mutual agreement of the parties in writing.

**Schedule 5.1**  
**Governance Structure**  
**Document**

**The scope of the governance.** The governance will apply to the currently identified pilots and also to proposals for new pilots (concepts) which may come from the individual partners, Institutions, Elsevier and via national Open Science structures. Decisions to include new pilot Service concepts will go via the governance structure. Institutions may participate in Services at their sole discretion. Institutions that participate will actively contribute to the ideation, discovery and piloting of the Services concept. VSNU (UKB), NFU, NWO, KNAW and VH shall decide in advance of a pilot and at their sole discretion whether a pilot requires a public tender process in order to comply with the Dutch tender laws and regulations. During all times the parties shall actively monitor the compliance of the applicable tender laws and regulations.

**The governance** is based on three levels.

Executive Board	Steering Group	Workstreams
<p>Its main function is to:</p> <ul style="list-style-type: none"> <li>• Oversee the overall objectives of this Agreement, with a specific focus on the Open Science components</li> <li>• Ensure adherence to the agreed collaboration principles</li> <li>• Review and sign off on the annual evaluation process</li> <li>• Manage escalations that cannot be resolved in the operational tier</li> <li>• Ratify very large strategic pilots of a national or trans-national nature</li> </ul>	<p>Its main function is to:</p> <ul style="list-style-type: none"> <li>• Decide which new pilots will start</li> <li>• Review the progress of individual pilots and implementation projects</li> <li>• Support pilot and implementation workstreams that will execute the projects</li> <li>• Prepare the annual evaluation for the Executive board</li> <li>• Ensure the availability of proper documentation and communication to all relevant stakeholders</li> <li>• Prepare escalations, if any, to the Executive Board</li> <li>• Ensure that the collective pilots support the Dutch Open Science ambitions</li> </ul>	<p>Its main function is to:</p> <ul style="list-style-type: none"> <li>• Prepare the project statement of works</li> <li>• Prepare solution design and development of the Proofs of concept/MVPs</li> <li>• Execute the projects</li> <li>• Report progress to the Steering group and relevant stakeholders</li> <li>• Connect with existing collaboration structures (PURE user group, UKB teams)</li> <li>• Initiate ideation for new concepts</li> </ul>
<p>It consists of representatives from</p> <ul style="list-style-type: none"> <li>• VSNU, NFU and Elsevier appoint a co-chair</li> <li>• VSNU, NFU and Elsevier will appoint 1-2</li> </ul>	<p>It consists of representatives from</p> <ul style="list-style-type: none"> <li>• VSNU (UKB), NFU, NWO, KNAW and VH (to be appointed by the Executive board)</li> <li>• Elsevier</li> </ul>	<p>It consists of representatives from</p> <ul style="list-style-type: none"> <li>• Elsevier, member institutions, the national funder (when applicable)</li> <li>• Elsevier will provide project management support.</li> </ul>

<p>additional Board members</p> <ul style="list-style-type: none"> <li>Board members serve for a minimum of two years</li> </ul>		<ul style="list-style-type: none"> <li>When applicable third-party representatives may be part of a workstream</li> </ul>
<ul style="list-style-type: none"> <li>The executive Board meets once a year in a plenary meeting (to sign off on the annual agreement evaluation) and once “mid-term” to review ongoing progress</li> </ul>	<ul style="list-style-type: none"> <li>The steering group meets monthly. The Steering group will prepare the agenda and documentation for the Executive board meeting which will be held concurrently at an VSNU location and Elsevier office location</li> </ul>	<ul style="list-style-type: none"> <li>The cadence for the individual workstreams depends on the project and will be described in the project Statement of work</li> </ul>

**The deliverables of the governance are:**

1. The annual Agreement evaluation in which the overall health of the collaboration is reviewed. To be signed off by the Executive Board. The annual evaluation will be prepared by the Steering group which will include an exchange of the lessons learned from the pilots.
2. Progress reporting of the individual projects (pilots and implementations). Frequency determined per project and depending on size, and complexity. Collected by the steering group and prepared by the individual workstreams.
3. Per project a project Statement of work (reflects scope of the project), the key success criteria, the required resources (for all parties involved) and the project plan (key delivery dates).
